# YOUR HEALING JOURNEY BEGINS WITH A GOOD DOCTOR AND A HOSPITAL.

Health is wealth; the adage proves even more crucial when you are getting ready for a medical procedure or recuperating after one. We understand the different challenges that you have to contend with - an unfamiliar city with its unknown language, culture and people. So we have gone that extra mile to design a habitat that ensures a healthy stay, serves nutritious food, extends a warm community and renders personalised services that ensure you and your caregiver get a 'home away from home' feeling.

GESTURE IS ■ HOMELIER ■ HEALTHIER ■ LIVELIER ■ UNLIKE A HOTEL

AND PICKS UP PACE WITH GENUINE HOSPITALITY.

# CHECK IN TO A HOME AWAY FROM HOME.

Thoughtful, Intuitive and Comprehensive - Gesture's design is founded on these three pillars. As a guest, you will experience the reflection of this design philosophy throughout our facility. The flats at Gesture offer enough privacy and utility value; the wide open spaces and the amenities ensure that you do not have to step out for anything whatsoever and the ever-attentive hospitality and support staff are at your beck and call, around the clock. To be precise, we are built like a hotel, but with that added layer of the warmth of a home.

Precisely why we have made sure that all your needs and wants are met comprehensively, so you never have to step out for anything. Be it one of those daily essentials or a quick snack and a cup of coffee. What's more a fully trained and competent team is in place to take care of any of your needs, at any point in time, 24x7.
